2. Software Requirements

Flash 9.0

Microsoft® .Net 2.0 runtime environment (Windows machines only)

3. User Requirements

Full Installer (30MB Download): Administrator Rights
(also installs Flash 9.0 and Microsoft .Net 2.0)

Lite Installer (3.72MB Download): Administrator Rights
If Lite Installer is selected and Flash 9.0 and/or the Microsoft .Net 2.0 runtime environment are not installed, the Follett Digital Reader installer will try to access the Internet to download the necessary component(s).

4. Installation Details:

- The installation of Follett Digital Reader utilizes the InstallShield® Wizard to guide users through the installation process.
- If the Lite Installer detects Microsoft .Net 2.0 runtime environment is missing from the target computer, the installer automatically downloads the needed file from the Internet. Users will be prompted to authorize the installation of the Microsoft .Net 2.0 runtime environment on the computer by clicking **Run** in the pop-up window.
- If the Lite Installer detects Flash 9.0 is missing, there will be a brief pause during installation (approximately 3 seconds) as the installation of Flash automatically takes place in the background.
- Users will be required to agree to the Follett Digital Reader license agreement by clicking **"I accept the terms in the license agreement"** in the InstallShield Wizard. Then click **Next** to proceed.
- Continue to follow the prompts in InstallShield Wizard to complete installation.
- In the final screen, check the "Launch Follett Digital Reader" box and click **Finish** to exit the Wizard open the Follett Digital Reader window.
- Follett Digital Reader will open to the Library view of all the Follett eBooks download to the target computer.
